CNC & Screw Machine Products

**...Where You'll Find
A Commitment To
Excellence**

◆ **EXPERIENCE**

J.C. Gibbons manufactures precision CNC & Screw Machine products for the automotive, appliance, military and a variety of other industries. The technical knowledge of our skilled staff has ensured the highest quality product since 1959.

◆ **ONE-STOP SHOP**

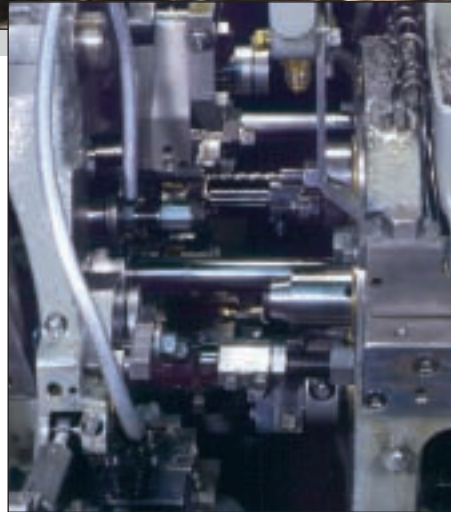

We can take a prototype job and move it into low or high volume production without ever leaving our facility.
No Volume Too High, No Volume Too Low!

◆ **CUSTOMER SERVICE**

As a supplier we will meet or exceed the needs of our customers. Whether the need is a timely response to a quote or technical support, we will service your requests.

◆ **DELIVERY**

Delivery continues to be a driving force in our industry. Through the implementation of "Lean Manufacturing" we have been able to better respond to our customer's quick turn-around requests.

CHALLENGES + J.C. GIBBONS = SOLUTIONS FOR TOMORROW

◆ **QUALITY**

With ISO 9001:2000 as the driving force behind our quality system, you are assured that your job will be made in a reliable, consistent way.

◆ **REAL-TIME DATA**

SPC data is analyzed at the shop floor level daily in order to manufacture quality parts. This ensures a better, more consistent product for you, the customer.

◆ **THE FUTURE**

J.C. Gibbons recognizes the changing needs of manufacturing. We are taking proactive steps to remain a leader in the CNC & Screw Machine industries.

J.C. Gibbons... The Answer For All Your Precision CNC & Screw Machine Products
